What is XDC Network

- ▶ XDC is a hybrid blockchain platform that is built to modernize the global trade and finance sector through an accessible, efficient, and highly versatile decentralized infrastructure solution.
- ▶ XDC is designed to complement the legacy financial ecosystem by providing a permissioned blockchain that governments, enterprises and private firms can use to overhaul their tech stack and power a range of novel use cases.
- ▶ XDC is the coin of XDC network, and it will be used in our XDC Swap as a mediator, just like Ethereum ETH in Uniswap's AMM.

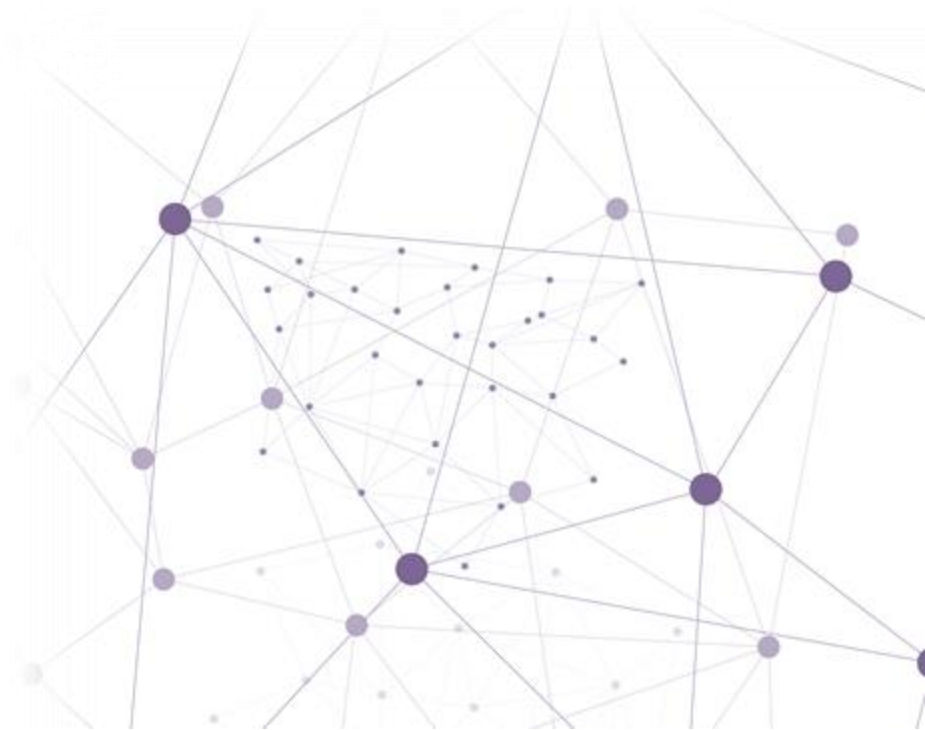

XDC Network Properties

- ▶ 2000 TPS
- ▶ Lowest fee
- ▶ Transaction confirmation: 2 seconds
- ▶ Smart Contract: Yes
- ▶ Energy Consumption: Green

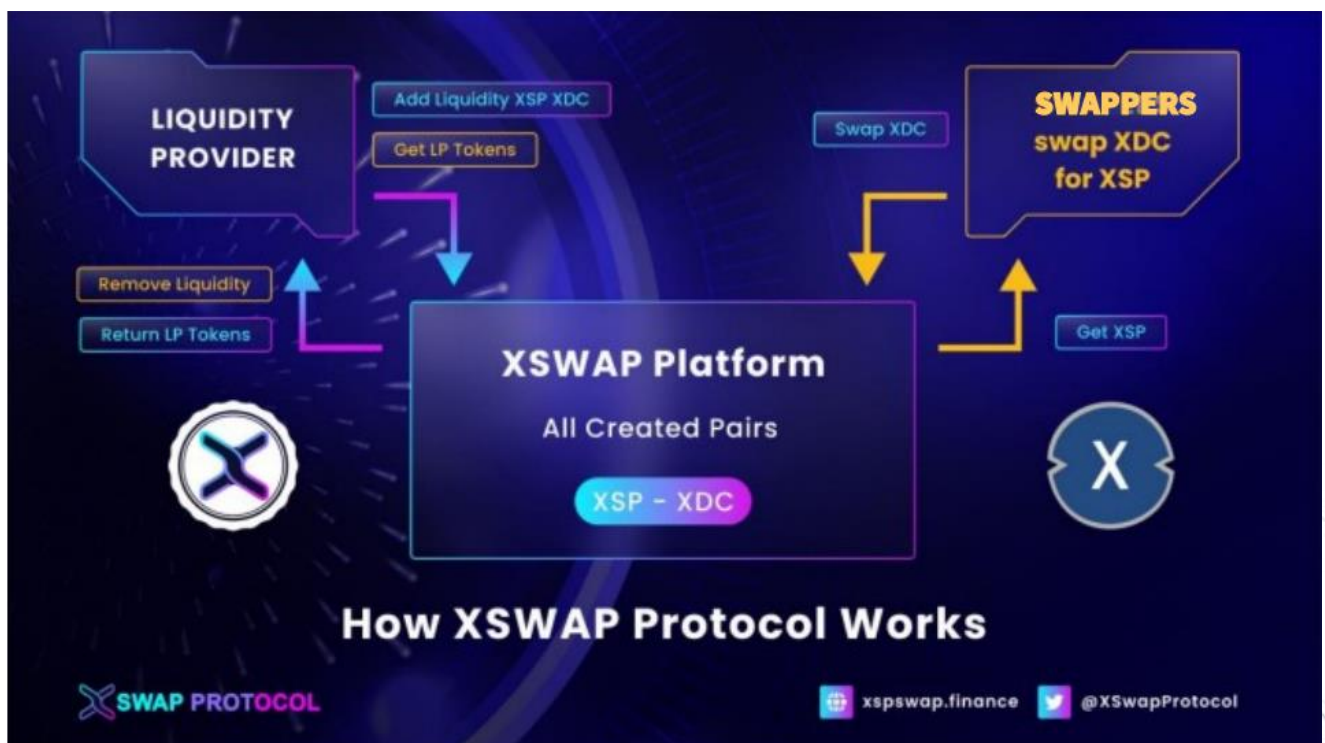

XDC Network The 3rd Generation

	1ST GENERATION	2ND GENERATION	3RD GENERATION
COMPARISON CRITERIA	 Bitcoin BTC	 Ethereum ETH	 XinFin XDC

AVERAGE FEE	\$15 USD	\$10 USD	\$0.00001 USD
TRANSACTION CONFIRMATION	10-60 MINUTES	10-20 SECONDS	2 SECONDS (w/finality)
SMART CONTRACT SUPPORT	NO	YES	YES
ENERGY CONSUMPTION	71.12 TWh	20.61 TWh	0.0000074 TWh

XSwap's Vision

- ▶ Give many emerging projects under the XDC (XinFin) network the opportunity to enter the market directly after the completion of the development period.
- ▶ Connect all XRC20 tokens in our platform.
- ▶ Allow swappers to swap and earn from XSP Ecosystem.
- ▶ Create an Android app (by our Developers) to facilitate easy use and navigation of our platform, and all other XDC dApps.

Roadmap

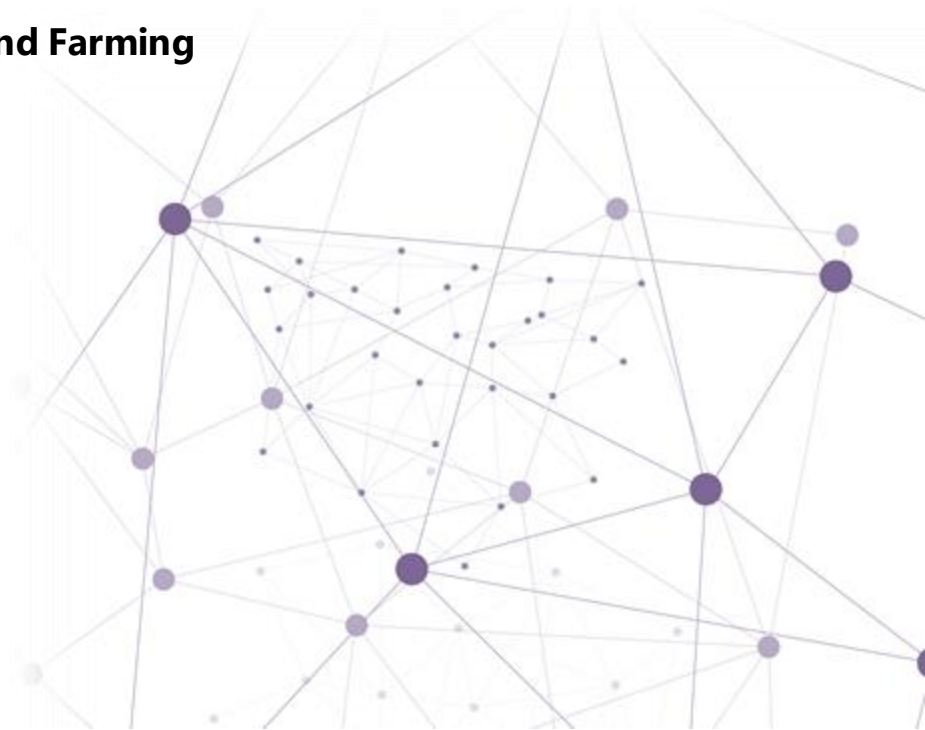

XSP Token Sale

- ▶ **Private sale:** 1 500 000 000 1 XSP = 0,0006 \$
- ▶ **Public sale:** 1 500 000 000 1 XSP = 0,001 \$
- ▶ **Softcap:** 600 000 \$
- ▶ **Hardcap:** 2 250 000 \$

Note: Raising Funds > 1 000 000 \$

XSP Tokenomics

- ▶ **Max supply:** 13 000 000 000
- ▶ **Team and founders:** 10%
- ▶ **Token sale:** 23% (unsold tokens will be burned)
- ▶ **Partnership and Listing:** 20%
- ▶ **Ecosystem:** 47%
 - XSwap users' bonus (traders and bounty hunters)
 - Staking and Farming

The funds raised would be used to

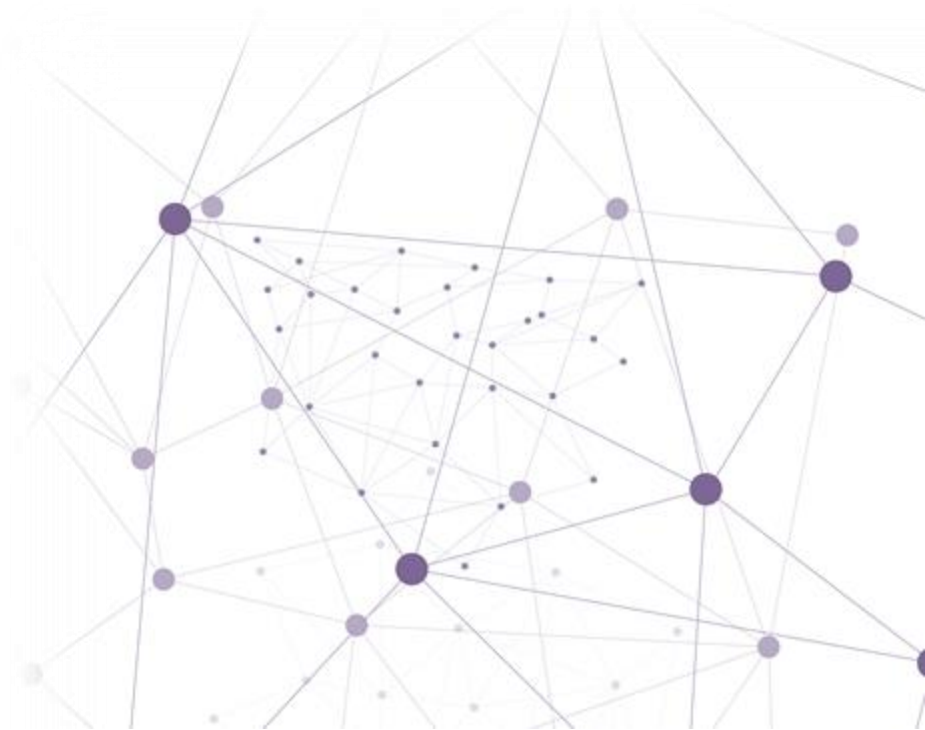

Launch the XSwap

List in big exchanges

Bittrue and SWFT Swap

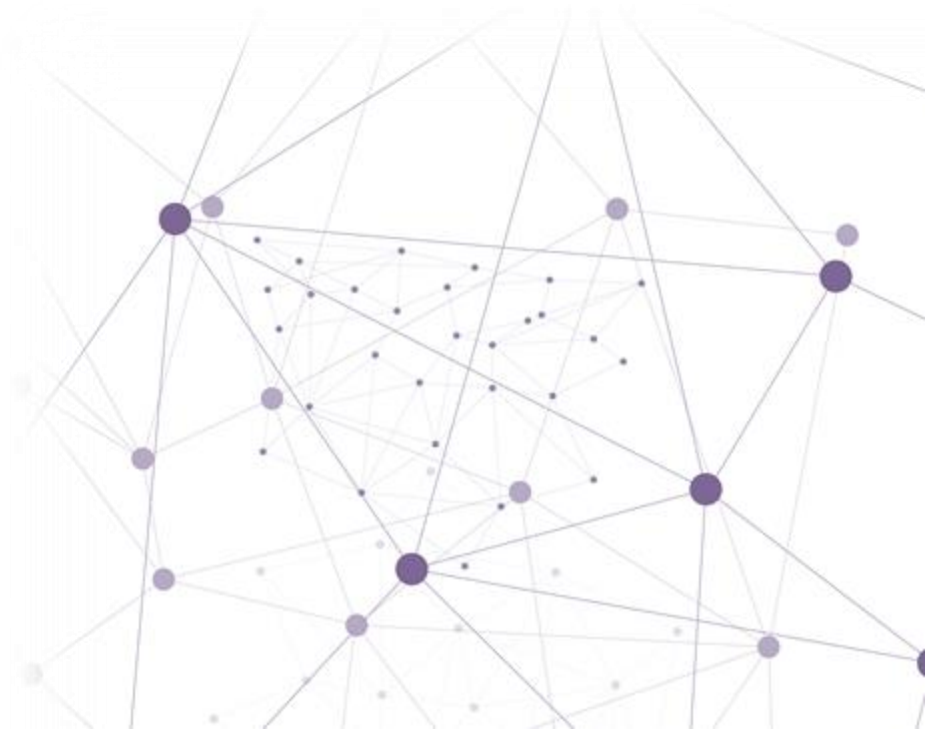

XSP dApps

Android apps to store and swap your tokens

Staking and Farming

- ▶ **XSP Staking** is launched in a secured pool and platform, profits will be instant and stakers would be able to unstake at anytime .
- ▶ **Farming ecosystem** will be live after the official launch of **XSP Swap**. Farming process is staking of Liquidity Providers' tokens (LPs) in farming pools.
- ▶ **Farming rewards** will be by order and anyone providing LP will be rewarded. The bigger LP you provide during a period, the higher rewards you will get. Farming period runs between 1 to 3 weeks, depending on the rewards to be earned and reward limits may also be set.
- ▶ **Unfarm** to remove your liquidity.
- ▶ We put in **37%** of total supply into Staking and Farming rewards ecosystem.

Behind The Curtains

XSP project has full-time developers working tirelessly to ensure security in smart contracts and ecosystem platforms. They prefer to be anonymous like all other DEXs teams.

Confidence

Community's trust on this project came by auditing our smart contracts and platforms. XSwap smart contracts were forked and quoted from Pancakeswap and Uniswap.

NOTE

This project is under test mode, please take your own risks.
